

Year 11 Preliminary Textiles and Design

Scope and sequence v1.1 - implementation version

Delivery	2026; 30 weeks; 120 indicative hours	Syllabus	Textiles and Design Stage 6 (2013)
Required structure	Design 40% Properties 50% ATCFAI 10%	Allocated	48 h 60 h 12 h
Course requirements	Two Preliminary textile projects	Website	15 two-week learning modules
Approval state	School-developed; local adaptation required	Timetable	Convert 2-hour blocks to local periods - TTC-01

Sequence rationale. Design learning and Project 1 establish visual analysis, communication and manufacturing foundations. Properties and Performance builds from fibre to yarn to fabric, then testing and Project 2. ATCFAI completes the industry, careers, quality and value study. Module 15 consolidates 4 hours of Design and 4 hours of Properties learning.

Scope and sequence - Modules 1-5

Weeks	Hours	Module	Teaching focus	Outcomes	Evidence / project connection	Site state
1-2	8	01 Design foundations	Design purpose, users and requirements; Elements of design; Principles of design	P1.1, P1.2	Design-analysis studio; Folio Cards 1-2	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
3-4	8	02 Applying design	Focus areas and design types; Factors affecting design; Inspiration and design development	P1.1, P1.2, P2.1	Folio Card 3 - design development	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
5-6	8	03 Manufacturing foundations	Manufacturing methods; Commercial pattern information; Planning and quality checkpoints	P2.1, P2.2, P2.3	Pattern interpretation and teacher-observed samples	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
7-8	8	04 Communicating design	Drawing and annotation; Production communication; Digital and presentation methods	P2.1	Folio Card 3 - communication evidence	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.

Weeks	Hours	Module	Teaching focus	Outcomes	Evidence / project connection	Site state
9-10	12	05 Textile Project 1 evidence	Design refinement; Project management; Evaluation and folio evidence	P1.1, P1.2, P2.1, P2.2, P2.3, P4.1	Folio Cards 4-6; supervised Project 1 evidence	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.

Scope and sequence - Modules 6-10

Weeks	Hours	Module	Teaching focus	Outcomes	Evidence / project connection	Site state
11-12	8	06 Fibre foundations	Fibre classification; Molecular and morphological structure; From fibre to textile	P3.1, P3.2	Folio Card 7 - classification and selection rationale	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
13-14	8	07 Natural and manufactured fibres	Natural cellulosic fibres; Natural protein fibres; Regenerated, synthetic and blended fibres	P3.1, P3.2	Folio Card 7 - fibre comparison	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
15-16	8	08 Yarn structures	Staple-spun and filament yarns; Twist and spinning systems; Textured and novelty yarns	P3.1, P3.2	Folio Card 7 - yarn structure evidence	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
17-18	8	09 Yarn performance	Yarn characteristics; Structure-property relationships; End-use justification	P3.1, P3.2	Folio Card 7 - justified yarn selection	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
19-20	8	10 Fabric structures	Woven structures; Knitted structures; Non-woven structures	P3.1, P3.2	Folio Card 7 - fabric identification and comparison	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.

Scope and sequence - Modules 11-15

Weeks	Hours	Module	Teaching focus	Outcomes	Evidence / project connection	Site state
21-22	8	11 Textile properties and testing	Properties and end use; Planning a fair textile test; Recording and interpreting results	P3.1, P3.2, P4.1	Folio Card 8 - one authorised fair test	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
23-24	8	12 Textile Project 2 evidence	Analysing experimental evidence; Fabric selection and design; Project evidence and evaluation	P2.1, P2.2, P2.3, P3.1, P3.2, P4.1	Folio Card 9; supervised Project 2 evidence	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
25-26	6	13 Industry and careers	Industry development and sectors; Local and global context; Careers and training	P5.1, P5.2	Folio Card 10 - verified industry/career case	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
27-28	6	14 Quality and value	Quality assurance and control; Manufacturer and consumer roles; Perceived, cultural and economic value	P6.1	Folio Card 10 - quality and value analysis	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.
29-30	8	15 Preliminary revision	Knowledge retrieval; Command terms and response planning; Course synthesis	P1.1, P1.2, P2.1, P2.2, P2.3, P3.1, P3.2, P4.1, P5.1, P5.2, P6.1	Low-stakes retrieval, response plans and folio completeness check	Complete: 3 theory sections, 3 x 10-question checks, 3 written responses, activity, video and presentation.

TEACHER TO CONFIRM BEFORE USE

IDs	Area	Required confirmation
TTC-01	Timetable	Convert the 60 two-hour blocks to the local timetable before issue.
TTC-02-04	Practical authority	Approve both project packs and every testing method, equipment set, supervision and WHS control before use.
TTC-05	Assessment	Supply the current Textiles schedule and issue-ready notices; the 2026 Year 11 booklet omits this course.
TTC-07	Access and adjustments	Confirm current resources, copying permissions, student adjustments and access arrangements for this cohort.
TTC-08	Local approval	Approve this school-developed program and its local adaptations before implementation.
